

Stallion Report – Betäckningsrapport

Hingstägare måste skicka in sina hingstrapporter till ApHC USA före den 30 november betäckningsåret. Missar man detta finns möjlighet att göra en Late Stallion Report men det kostar lite extra i straffavgifter.

Om det inte finns en betäckningsrapport registrerad i ApHC USA så finns det inga möjligheter att få avkomman registrerad som Appaloosa. För att avkommorna ska vara registreringsbara så krävs det även att hingsten är DNA testad och har listat det i USA.

Registrerad ägare (alltså den person som står på baksidan av registreringsbeviset) skall signera betäckningsrapporten. Är man auktoriserad agent eller leasar hästen måste detta vara listat i USA för att den personen skall kunna signera.

Som medlem blir det billigare, är du inte medlem så kryssa i rutan för medlemskap (membership).

För att hjälpa hingstägaren att fylla i betäckningsrapporten så är det bra att alltid lämna en kopia på hela registreringsbeviset när man lämnar stoet till hingsthållaren.
